SITUATION

Newlight is situated within the parish of Rattery, Rattery being one of Devons oldest villages and situated on the old traveller's road from Kingsbridge to Bristol.

The bustling Medieval market town of Totnes is approximately 6 miles away and has a wider range of facilities which include a secondary school, a leisure centre/swimming pool, a unique High Street with many individual shops and boating opportunities on the River Dart.

DESCRIPTION

Newlight was previously a courtyard of barns belonging to the nuns of Syon Abbey. Converted to provide residential accommodation for the nuns in 1990, Newlight is set in extensive grounds and approached by way of a long tree-lined drive, with a secure gated access. The property is currently set up into multiple wings. The main house, guest accommodation, two-bedroom annex and a one-bedroom apartment. Subject to the necessary consents, the property could be split into multiple dwellings or a large family home.

ACCOMMODATION

With over 8000 sqft of accommodation, the property is currently separated into multiple sections. The main house is made up of 5 bedrooms, 3 sitting rooms and a kitchen. The kitchen is currently an industrial style kitchen with large pantry, however, by combining both rooms, a large family kitchen with views across the surrounding countryside could be easily created.

In the guest wing of the house there are 7 bedrooms, with each room being a good-sized double, as well as a light and spacious sitting room with wood burner, office and shower rooms. This wing of the house again has scope to convert into separate dwellings, subject to planning, or could be converted to provide open plan living space with direct access onto the central courtyard and easterly views across the surrounding fields.

Attached to the property and accessibly by its own entrance is a two-bedroom annex with open plan kitchen/living space, one double bedroom and one single bedroom as well as a family bathroom. The annex also benefits from its own separate driveway with parking for 3-4 cars and a private garden space.

OUTSIDE

The property sits in grounds of just over 3 acres and has well established front and rear gardens. To the front is a double garage with eaves storage, parking for 5+ cars and a front garden that is predominantly laid to lawn with flower beds and shrubbery surrounding. To the rear there is one large patio spaces perfect for alfresco dining, a smaller patio section by the annex, a large lawned section, small orchard, greenhouse and two good size outbuildings. The property also benefits from a 500m long private footpath that follows the neighbouring farmland and has access to a small section of woodland.

SERVICES
