DESCRIPTION

This detached three bedroom cottage enjoys an enviable position with sea views to the west, adjoining open fields and attractive countryside views. Set within just over 1.1 acres of grounds, the property offers a rare opportunity to acquire a home in such a picturesque and peaceful setting.

The gardens and land provide a sense of space and privacy, whilst also offering considerable potential for further landscaping or creating a small paddock, for instance. Internally, the property does need updating throughout and the vendor has informed us that the cottage is stone built to the ground floor, with a brick built first floor, under a slate roof.

ACCOMMODATION

The accommodation is arranged over two floors. On the ground floor there is a kitchen, breakfast room, sitting room with wood-burning stove, front-facing study and a bathroom. On the first floor are three bedrooms, comprising two doubles and a single, with the double bedrooms and landing enjoying the finest of the coastal and countryside views. The property benefits from oil-fired central heating, predominantly uPVC double-glazed windows, together with some timber sealed unit glazing.

OUTSIDE

The property has ample off-road parking, together with a useful garage/workshop and an agricultural-style timber store, which could equally serve as additional covered parking if required. An attached store provides useful additional space for storage or hobbies and houses the boiler and hot water cylinder, which is accessed via another driveway, offering further parking. There is small stone built outbuilding to the front, ideal for storage.

The gardens lie informally around the cottage, extending into wider grounds that offer excellent potential for further enhancement. The land, in all extending to approximately 1.179 acres, provides a high degree of privacy, siding onto open farmland and enjoying those great views.
