DESCRIPTION

Tucked away in a peaceful elevated residential area just moments from the heart of Bideford, Myrtle House is a striking detached residence offering stylish modern living in a beautifully landscaped setting. With over 1,500 sq ft of well-proportioned accommodation, this impressive home combines thoughtful design, spacious interiors and a lovely garden — perfect for family life and entertaining.

Finished to an excellent standard, Myrtle House was hand built to a very high specification by local builders. It features an open-plan kitchen/dining room, four well-sized bedrooms including an expansive principal suite, and a versatile sitting room, all complemented by a private rear garden and integral garage. Its high quality build shows with an EPC rating of B, a very economic house to power.

ACCOMMODATION

Step through the welcoming entrance canopy into the central hallway, where natural light and a neutral palette set the tone. To the left, the sitting room provides a generous yet cosy space ideal for relaxation, complete with views onto the front.

To the rear, the contemporary kitchen/dining room spans the width of the house, boasting integrated appliances, ample cupboard space and direct access to the rear garden — an ideal hub for family meals or summer gatherings. Adjacent is a useful utility room and cloakroom/WC. Engineered oak flooring and underfloor heating to the ground floor. A door from the hallway leads to the integral garage with timber doors

The spacious landing with large airing cupboard leads to four bright and airy bedrooms. The principal vaulted bedroom features en-suite shower facilities and built-in storage, while bedroom two offers exceptional space, ideal as a large double or flexible office/guest suite. A further third double bedroom, a cospys single bedroom/study and a family bathroom with bath and separate shower complete the floor.

OUTSIDE

To the front, a block-paved driveway provides parking for multiple vehicles, with side access to the rear. The rear garden is a true highlight — beautifully landscaped to maximise the space with tiered beds, mature planting, and areas to sit and relax, creating an inviting outdoor haven ideal for alfresco dining, gardening or unwinding with family.
