DESCRIPTION

This attractive Hamstone terraced cottage with slate roof is one of nine original almshouses with beautiful period features including arched lattice windows, original ledge & brace doors and a Hamstone fireplace. The property has been updated with a modern kitchen, shower room and is offered to the market in good decorative order. Most of the windows have the benefit of secondary double glazing fitted and in addition to the woodburner there are modern wall mounted electric heaters in all rooms. This pretty cottage would make a wonderful rural retreat with a cottage garden facing South benefitting from an outbuilding providing storage or with alterations could make an outside office or studio (subject to any consents).

There is plenty of room under the stairs for a fridge freezer with a further storage area. There is a kickboard fan heater and a window with deep wooden cill overlooking the churchyard behind. The stairs rise and turn to the first-floor landing with access to the loft and airing cupboard. Bedroom 1 has a picture rail and is South facing overlooking the garden at the front. The shower room is modern with a large shower cubicle with Mira electric shower, vanity wash hand basin and WC with tiled surrounds, towel rail and wall mounted fan heater.

The garden is mainly laid to lawn with a fig tree to the side of the front door with a wrought iron boot scrape and outside tap.
