Montana has been lovingly held in the same family since it was built in the 1960s. This characterful and sizeable dormer bungalow is flooded with light and is nestled in its mature grounds, which feature beautiful specimen trees. Situated off a quiet lane with access to miles of quiet hacking and bridleways, the house overlooks its paddock land and has views of Fotherby church spire.

The flowing accommodation is deceptively spacious with a large farmhouse style kitchen/diner which is open to an adjacent conservatory with log burner. There are 2 further reception rooms to include a lounge and a sizeable double aspect sitting room, with a pretty bay window overlooking the gardens. The main house boasts 4 double bedrooms, two of which are on the ground floor and have sizeable en suites. There is a home office on the ground floor, ideal for working from home.

The large double garage is a useful space for storage and houses an outside WC with hot and cold water. The garage also has extension potential if required (STP). The first floor 1 bedroom annexe provides overflow accommodation and has the potential for Air BNB/holiday accommodation (STP). This space could be incorporated into the garage space below making a much larger annexe if required (STP).

The stable yard has been thoughtfully planned and is ideally situated adjacent to the house. There is a small sand covered turnout area, a separate hay store and the yard is gated and fenced; in all making this a neat and well arranged equestrian establishment.

The property is approached off Ings Lane on to a sweeping in-out driveway with a sizeable parking area. A set of timber gates lead off this area on to the stable yard. The gardens lie to the side and front of the house and have been lovingly designed and tended to create a peaceful and sheltered space overlooking the paddocks on one side and featuring a pretty brick lined culvert which runs along the lane-side boundary. The gardens comprise sweeping lawns set with mature tree and shrub planting together with a paved wraparound terrace which culminates in a large paved patio accessible from the conservatory.

A wide part glazed front door leads from a pretty covered porch at the front of the house into the generous central hallway, which has wood flooring and a staircase to the first floor. The hallway is flooded with light and has doors leading to the ground floor bedrooms, office, WC, sitting room and kitchen.

The sitting room is a delightful space with a window to the side of the house and a wide bay window overlooking the front gardens. A wall mounted electric feature fireplace adds further character to what is a fantastic family/entertaining room.

The kitchen/diner is a sizeable room in itself, made even more spacious and flowing by being semi-open to the adjacent conservatory. There is ample space for a dining table and the kitchen is fitted with an attractive range of farmhouse style units. There is a ceramic 1.5 bowl sink and drainer beneath a window which overlooks the rear driveway, in addition is a Range Cooker with an extractor fan over, together with an integrated fridge and dishwasher. To one side of the kitchen is also space and plumbing for an American style fridge freezer.

The large conservatory overlooks the paddocks and has french doors to the patio area, ideal for dining/entertaining. The conservatory also has a log burning stove making it good for year round use.

There is a cosy lounge which is also accessed off the kitchen. This room features a recessed electric imitation log burning stove and windows to the side and rear of the house.

The useful home office is located just off the hallway with a window to the rear of the house. The ground floor WC is adjacent, also with a window to the rear.

Of great use to all equestrian/rural homes, the property benefits from a boot room/utility with an external door to the side terrace. The room has space and plumbing for a washing machine, a stainless steel sink and drainer and a work surface with wall mounted cupboards over.

The main bedroom is situated on the ground floor, just off the entrance hall. This delightful and sizeable double room features a bay window overlooking the front gardens and large en suite bath and shower room. The en suite is fitted with a bath, a corner shower unit, a WC and a bank of built in wardrobes and drawer units.

The adjacent second double bedroom has a window to the rear as well as a good sized en suite shower room with a WC, vanity unit, shower cubicle and a useful walk-in storage cupboard with hanging and shelving.

The first floor houses the 3<sup>rd</sup> and 4<sup>th</sup> double bedrooms which both have attractive sloping ceilings, dormer windows and eaves storage. The third bedroom leads to an adjacent space, ideal for a nursery or study/lounge area for a teenager/dependant.

The family bathroom is also located on this floor with a window to the rear of the house. The room is fitted with a corner shower, WC and a vanity unit with basin.

The first floor one bedroom annexe has an open and airy feel. With its own separate oil fired boiler and independent external access, the space is ideal for overflow accommodation and has the potential to be used for Air BnB/holiday cottage accommodation if desired (STP).

The annexe is built into the eaves with sloping ceilings and roof lights giving attractive views across the land and beyond. The space comprises an open plan living room with a kitchenette to one end, comprising a stainless sink and drainer together with kitchen units for storage and space for a fridge. There is a good sized bathroom with a bath, WC and basin with vanity unit. The double bedroom has roof lights, a recessed hanging/storage area and a door to walk-in eaves storage.

The neat, concreted stable yard is fenced with post and rail and is gated to the driveway and paddocks. The stable block is of brick and block construction with a corrugated roof and concrete base. Three of the four loose boxes have rubber flooring, internal windows connecting each stable and stable doors overlooking the rear paddock. The fourth stable is slightly smaller and is presently used as a workshop with shelving. It has a stable door looking onto the yard and side paddock. There is a good sized and space within the stable block which has a lockable up and over door, ideal for use as a tack and feed room.

In addition to the stable block there is a separate hay shed/store and an open fronted field shelter in the side paddock.

The level grass paddocks are fenced with post and rail and there is gated access to the lane from the rear paddock, allowing easy access for extra grounds keeping materials/leading out manure etc. In addition to the grass paddocks is a useful sand covered post and railed turnout area. In all making this a well arranged equestrian establishment which could equally be used as a smallholding and/or as part of a self sufficient lifestyle.
