Property Description

Situated within approximately 4-acres of land in semi-rural Somerset is this charming two-bedroom barn conversion - Welcome to Willow Tree Farm!

Perfected over the last 14 years or so, this home is built of steel and timber construction and has been upgraded in many ways, such as a newly fitted air source heat pump, solar panels and even air conditioning. The home itself is all on one level and features open plan living, marvellous character features and two bedrooms, both conveniently fit with en-suite shower rooms.

Alongside the living accommodation, there is a large building which is currently utilised as a dog-grooming studio - this building stands at just under 300 square feet and is fit with electricity, water, and waste. There are other outbuildings within this sizeable plot including a cabin (fit with electricity), a single garage and multiple mobile barns which are perfect for storage.

The land itself is separated into a c. 1-acre paddock in which the home and outbuildings are situated and a c. 3-acre field enclosed with wire fencing lending itself perfectly to equestrian/agricultural use (STPP).

This stunning smallholding is not one to miss out on - call Connells today to book your private viewing before it's too late!
