

Energy performance certificate (EPC)

15 Kells Way GELDESTON NR34 0LU	Energy rating E	Valid until:	11 December 2035
		Certificate number:	9330-2822-4520-2495-4771

Property type	Detached bungalow
Total floor area	65 square metres

Rules on letting this property

Properties can be let if they have an energy rating from A to E.

You can read [guidance for landlords on the regulations and exemptions \(https://www.gov.uk/guidance/domestic-private-rented-property-minimum-energy-efficiency-standard-landlord-guidance\)](https://www.gov.uk/guidance/domestic-private-rented-property-minimum-energy-efficiency-standard-landlord-guidance).

Energy rating and score

This property’s energy rating is E. It has the potential to be C.

[See how to improve this property’s energy efficiency.](#)

The graph shows this property’s current and potential energy rating.

Properties get a rating from A (best) to G (worst) and a score. The better the rating and score, the lower your energy bills are likely to be.

For properties in England and Wales:

- the average energy rating is D
- the average energy score is 60

Breakdown of property’s energy performance

Features in this property

Features get a rating from very good to very poor, based on how energy efficient they are. Ratings are not based on how well features work or their condition.

Assumed ratings are based on the property’s age and type. They are used for features the assessor could not inspect.

Feature	Description	Rating
Wall	Solid brick, as built, no insulation (assumed)	Poor
Wall	Cavity wall, as built, insulated (assumed)	Good
Roof	Pitched, 400+ mm loft insulation	Very good
Roof	Flat, no insulation	Very poor

Feature	Description	Rating
Window	Fully double glazed	Average
Main heating	Room heaters, wood logs	Poor
Main heating control	No thermostatic control of room temperature	Poor
Hot water	Electric immersion, standard tariff	Very poor
Lighting	Excellent lighting efficiency	Very good
Floor	Solid, no insulation (assumed)	N/A
Air tightness	(not tested)	N/A
Secondary heating	Room heaters, electric	N/A

Low and zero carbon energy sources

Low and zero carbon energy sources release very little or no CO₂. Installing these sources may help reduce energy bills as well as cutting carbon emissions. The following low or zero carbon energy sources are installed in this property:

- Biomass main heating

Primary energy use

The primary energy use for this property per year is 325 kilowatt hours per square metre (kWh/m²).

► [About primary energy use](#)

Smart meters

This property had **no smart meters** when it was assessed.

Smart meters help you understand your energy use and how you could save money. They may help you access better energy deals.

[Find out how to get a smart meter \(https://www.smartenergygb.org/\)](https://www.smartenergygb.org/)

How this affects your energy bills

An average household would need to spend **£2,010 per year on heating, hot water and lighting** in this property. These costs usually make up the majority of your energy bills.

You could **save £833 per year** if you complete the suggested steps for improving this property's energy rating.

This is **based on average costs in 2025** when this EPC was created. People living at the property may use different amounts of energy for heating, hot water and lighting.

Heating this property

Estimated energy needed in this property is:

- 10,031 kWh per year for heating
- 2,300 kWh per year for hot water

Impact on the environment

This property’s environmental impact rating is B. It has the potential to be A.

Properties get a rating from A (best) to G (worst) on how much carbon dioxide (CO2) they produce each year.

Carbon emissions

An average household produces	6 tonnes of CO2
This property produces	0.9 tonnes of CO2
This property’s potential production	0.4 tonnes of CO2

You could improve this property’s CO2 emissions by making the suggested changes. This will help to protect the environment.

These ratings are based on assumptions about average occupancy and energy use. People living at the property may use different amounts of energy.

Steps you could take to save energy

► [Do I need to follow these steps in order?](#)

Step 1: Flat roof or sloping ceiling insulation

Typical installation cost £900 - £1,200

Typical yearly saving £170

Potential rating after completing step 1

45 E

Step 2: Internal wall insulation

Typical installation cost £7,500 - £11,000

Typical yearly saving £258

Potential rating after completing steps 1 and 2

53 E

Step 3: Floor insulation (solid floor)

Typical installation cost £5,000 - £10,000

Typical yearly saving £168

Potential rating after completing steps 1 to 3

59 D

Step 4: Hot water cylinder insulation

Add additional 80 mm jacket to hot water cylinder

Typical installation cost £20 - £40

Typical yearly saving £65

Potential rating after completing steps 1 to 4

60 D

Step 5: Solar water heating

Typical installation cost

£4,000 - £7,000

Typical yearly saving

£128

Potential rating after completing steps 1 to 5

63 D

Step 6: High performance external doors

Typical installation cost

£1,800 - £2,400

Typical yearly saving

£43

Potential rating after completing steps 1 to 6

64 D

Step 7: Solar photovoltaic panels, 2.5 kWp

Typical installation cost

£8,000 - £10,000

Typical yearly saving

£249

Potential rating after completing steps 1 to 7

70 C

Who to contact about this certificate

Contacting the assessor

If you're unhappy about your property's energy assessment or certificate, you can complain to the assessor who created it.

Assessor's name	Steven Waters
Telephone	<u>07880726925</u>
Email	<u>contact.hoptonepc@gmail.com</u>

Contacting the accreditation scheme

If you're still unhappy after contacting the assessor, you should contact the assessor's accreditation scheme.

Accreditation scheme	Elmhurst Energy Systems Ltd
Assessor's ID	EES/034403
Telephone	<u>01455 883 250</u>
Email	<u>enquiries@elmhurstenergy.co.uk</u>

About this assessment

Assessor's declaration	No related party
Date of assessment	12 December 2025
Date of certificate	12 December 2025
Type of assessment	► <u>RdSAP</u>

Other certificates for this property

If you are aware of previous certificates for this property and they are not listed here, please contact us at mhclg.digital-services@communities.gov.uk or call our helpdesk on [020 3829 0748](tel:02038290748) (Monday to Friday, 9am to 5pm).

There are no related certificates for this property.
