SITUATION & AMENITIES

In terms of situation, Cleave House enjoys the best of all worlds – being located off an exclusive residential road close to the South West Coast Path, the beach and local amenities, which include The Sandy Cove Hotel, Restaurant & Spa (open to non-residents and just across the road). Watermouth Cove is within easy access, as are Berrynarbor village, Combe Martin, Ilfracombe and Exmoor National Park.

The sought-after village of Berrynarbor offers a community Post Office and store, 13th Century village inn, church and primary school - rated OFSTED Outstanding. The popular North Devon coastal village and beaches at Combe Martin are about 2 miles away, with Watermouth Bay being a similar distance. About 3.5 miles away lies the town of Ilfracombe - offering a wider range of amenities. The wide-open sandy surfing beaches in the
Woolacombe area can be reached in about 15 minutes by car. Exmoor National Park is also easily accessible.

Barnstaple - the regional centre - is 11 miles away and houses the area's main business, commercial, leisure and shopping venues, as well as live theatre and district hospital. At Barnstaple there is access to the North Devon Link Road (A361) leading through to Junction 27 of the M5 Motorway and where Tiverton Parkway offers a fast service of trains to London Paddington in just over 2 hours. The area is well-served by excellent state and private schools, including the reputable West Buckland school. The nearest international airports are at Bristol and Exeter.

DESCRIPTION

Cleave House comprises a detached chalet-style residence, which presents elevations of part stone and recently repainted render, with double glazed windows and doors, beneath a tiled roof. We understand that the core probably dates to the 1950s but the property has been remodelled over subsequent years.

The accommodation - which is bright, spacious, tastefully modernised and versatile - includes: on the Ground Floor - ENTRANCE HALL/STUDY, DINING ROOM, SITTING ROOM, KITCHEN/BREAKFAST ROOM, UTILITY ROOM, 3RD RECEPTION/BEDROOM 3 and BATHROOM. At First Floor level - LANDING, 2 further BEDROOMS and a SHOWER ROOM. There is an additional integral WC, which is approached externally.

The option of having a Ground Floor bedroom caters for those who cannot manage stairs - effectively future proofing the property, especially given the adjacent bathroom. This is also a perfect arrangement for visitors. Some of the principal rooms enjoy fine sea views, out to Hangman's Hill and over open countryside.

A particular feature is the LARGE DETACHED GARAGE - which was originally built as a commercial garage. It is large enough to accommodate four vehicles and has an inspection pit, hydraulic apparatus and compressor, as well as an oversized electric roller door and security alarm. An additional large workshop and solid fuel store adjoin the garage. The garage is considered ideal for housing cars, motorcycles, boats, motorhome/caravan/campervan, either domestically or commercially.

Alternatively, there is lapsed consent for conversion into two holiday lets, which could be adapted as ancillary accommodation or a separate residence - subject to planning permission. The building could work as a studio, offices, workshops to operate various businesses from - possibly as a veterinary practice, consultation rooms, art/craft, etc. In addition there is extensive parking, outside storage area and private gardens. The separate side access provides the potential to keep the garage building and its associated uses independent from the residential element.

OUTSIDE

The front of the property is approached from the road over a pillared in-and-out drive. The drive is on lower and upper levels, separated by a central wall featuring two coach lamps. This provides ample parking and turning space for the house. There is a SIDE DRIVEWAY to the left of the property, which could be self-contained as it leads to the garage building, as previously described. There is a pedestrian door at the rear, which leads to a further WORKSHOP/STORE. This has its own access door and adjacent to this there is a large WOOD STORE. To the right-hand side of the property is an enclosed dog-proof area of GARDEN - incorporating a vegetable bed.

To the rear of the dwelling is a substantial Indian sandstone TERRACE in a Mediterranean style, partially covered by a rustic PERGOLA. There is a gateway leading from this to a further concealed KITCHEN GARDEN and soft fruit area. There is a further open access to yet another sheltered and secluded hedge-enclosed lawned area, interspersed with fruit trees - including apple, pear, Cherry, Victoria plum, fig and crab apple, as well as herbs and raspberries.

All in all the GARDENS are arranged as a series of external 'rooms' and have been landscaped with ease of maintenance in mind. They are not only secluded, but from the terrace there are fine sea views - an ideal place for Alfresco dining, a glass of something and to watch the sun setting.
